

Adam & Miranda

Hello!

We want you to know we have tremendous love and respect for your journey. We are grateful for your courageous decision and for learning more about us.

Our child will know how your profound love and bravery made us a family. We are unbelievably excited that our dream of being parents is coming true. We hope our profile gives you a sense of who we are and the life of unconditional love we will provide.

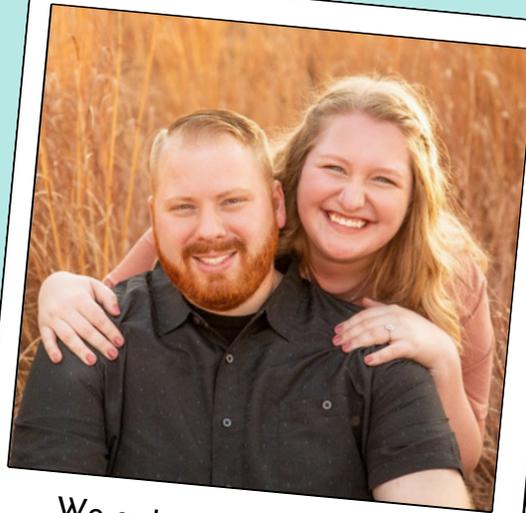

We can't wait to be there for every step of our child's life and give them a healthy, happy home with so much love. And whether your heart leads you to consider us or not, know we are sending our prayers no matter your decision.

Miranda & Adam

Our Journey to Adoption

We began dating in 2019 after meeting online!

We got engaged in 2020 in Miranda's grandparent's backyard!

FUN FACT: We have the same birthday - Oct. 21st!

FOOD FACT: Miranda loves Chick-Fil-A! The Sioux Falls location opened right before our wedding!

Our Why

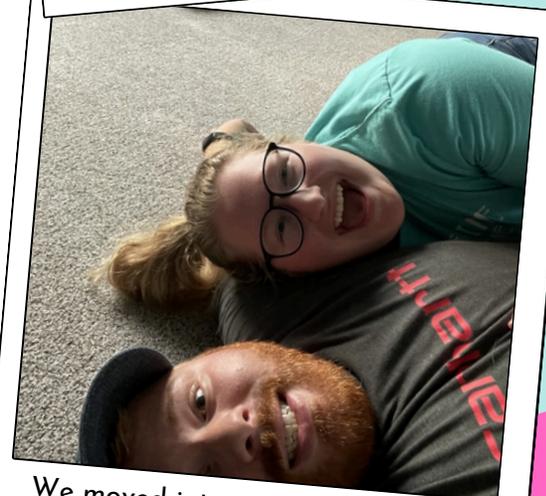

Miranda has always had it in her heart to adopt after seeing firsthand how incredible and life-changing it is. After struggling with infertility, we felt that God was calling us to adopt and fulfill our dreams of having a family and being called "Mom" & "Dad." We are so ready to pour our hearts and souls into our children and provide for them emotionally, financially, and physically.

CUTENESS OVERLOAD:

We have 3 cats!
Penny, Loki & Diablo

We got married on October 2, 2021.
We spent the next couple years traveling and building our marriage!

We moved into our home a couple months before the wedding and worked on improvements to make it "ours".

About Us

We love cooking together and spending time around our fire pit hosting backyard grill-outs with friends and family in the summer. We spend nights playing video games, board games, watching movies, TV shows and series. Stranger Things & Amazing Race are some of our favorites to watch together! We also spend a lot of time at the lake with our family and going on walks in the summer time!

We love our church and spend a lot of time serving. We teach elementary religious education during the school year, serve donuts & coffee frequently and recently went on our first mission trip to Guatemala where we helped a small village with food bags and building a school.

We love animals! The zoo is one of our favorite places to go! We have a membership to the Great Plains Zoo and love exploring new ones too!

Disney World holds a very special place in Miranda's heart! Her grandparents took the family growing up. It became a tradition that the whole family connected over. We can't wait to take our child on new adventures and show them places close to our hearts. Miranda also worked there as a photographer in college!

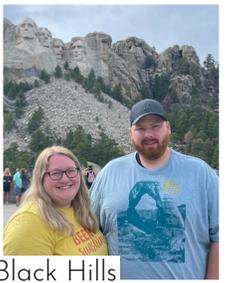

We love spending time with extended family! Miranda has many young cousins that have always looked up to her. Being able to watch them grow up & play with them is so much fun!! We love our "Nintendo Switch" parties.

Meet Adam

"Adam is kind, patient and honest. He has the biggest heart and is committed to our family and his career. He is supportive and calm. And my rock. He is my shoulder to cry on and the person that makes me laugh the most. He loves to relax and spend time together.

I know he will be a great father. He will devote his life to our children and family. He is my best friend. I am so glad to have him by my side."

-Miranda

I enjoy spending time woodworking. I started by building things for our house, like blanket ladders. I love being able to design and create. We decided to start a small business after a lot of people we know saw me making different things. Since then we've sold many things at craft shows and even shipped across the country!

Hobbies I enjoy are building computers, gaming, board/card/yard games, 3D printing, chillin' with my cats, and watching TV.

Celebrating our nephew's 1st birthday!

When I'm not working my job in law enforcement, I enjoy exploring the outdoors, biking, traveling to new places, and flying my drone. We love going to Miranda's family camping weekend every year!

California Sunset!

I love traveling and exploring new places with my best friend! And she's the best trip planner!

I love making food on my smoker and grills. I like trying new recipes! We love to cook and also try new restaurants and foods!

My favorite food is a BBQ Bacon Burger!

Our Family & Home

We live in a 4 bedroom, split-foyer house in a small town in southeastern SD. We have a deck and big fenced in backyard.

We are one block away from a park and walking and biking trails! We love our neighborhood and the friendly faces! All year, it's buzzing with families and kids running around!

In the summer we like to walk to the Farmer's Market and walk or ride our bikes to food truck nights at local businesses.

We live a few blocks away from Miranda's dad, grandparents and aunt. We see them every couple of days and have weekly dinners!

We also travel a few times a year to see Adam's sister, brother-in-law and our sweet nephew! As well as both of our moms and Miranda's sister!

Our cats are a huge part of our life and our home. Having them run to us after a long day is one of the best things! They are big cuddlers and lovers! They love treats and taking long naps....like all day!!

Thank you for taking the time to learn about us! We hope we get to learn about you soon!
